r16.0.7 Changelog

Release day - 16th October 2019

Bugs

- [DSOF-11839] - Playhead continues past section break when in Loop Section play mode set by PlayMode layer
- [DSOF-11869] - When playing to end of section, timecode cursor on track and keyframe editor will show an incorrect value
- [DSOF-11921] - Creating a ScreenPositionExpression when an unnamed ScreenPositionAxis exists will cause d3 to hang indefinitely
- [DSOF-11925] - EventTransportOSC: commands executed after device has been removed and reassigned
