

Designer r31.3.4 Release Notes

[Download r31.3.4 Full \(Pro\)](#)

Full (Pro) build: 228566

Starter build: 228567

Released: *September 24th 2025*

Fixes

- **DSOF - 31173** - Playing back video very slowly with frame blending is now smoother.
- **DSOF - 31181** - Designer will no longer hang for long periods when inserting time on the timeline in projects with hundreds of layers on the same track.
- **DSOF - 29883** - Selecting `Show History` on a project folder in Manager will now always display a consistent list of versions in the correct order, and opening a project from this menu will open the project in the installed version of Designer.
- **DSOF - 31211** - The [pyi stub file](#) now has the correct return types for several methods of `ResourceManager`.
- **DSOF - 31242** - Notes can now be deleted again by clearing the text field for the note and pressing `OK`
