

Designer r34.0.1 Release Notes

[Download r34.0.1 Full \(Pro\)](#)

Full (Pro) build: 256615

Starter build: 256616

Released: *July 22nd 2026*

Items marked with a ● are also included in [r32.4.13](#).

Improvements

- **DSOF - 33316** - CSV projector study exports now include throw ratio, to match PDF exports.

Fixes

- **DSOF - 33331** - Designer UI translations omitted from version r32.4.10 onwards have been restored.
- **DSOF - 33257** - RenderStream will no longer occasionally fail claiming a plugin is version 'r0.0'.
- **DSOF - 33115** - Texture parameter latency graph will now appear when a new TransportManager is used.
- **DSOF - 33016** - Mask creation in mrset color calibration will now work with multiple cameras.
